

Jug Bay Wetlands Research Symposium

Saturday, March 29th, 2008

8 a.m. to Noon

Quiet Waters Park - Blue Heron Center

600 Quiet Waters Park Road

Annapolis, MD 21403

Eight research volunteers will give slide presentations describing the results of studies with which they participate at the Jug Bay Wetlands Sanctuary. Come learn about the variety of natural history research taking place at Jug Bay.

Volunteer Research Presenters

(in alphabetical order)

Sandy Barnett - Box Turtle Ecology

Jeff Campbell - Database Applications

Dave Davis - Water Quality and Nutrient Cycling

Mike Quinlan - Box Turtle Population Ecology

Sue Ricciardi - Winter Waterbird Distribution on the Patuxent River Estuary

Lisa Siciliano - Tree Diversity and Distribution

Sandy Teliak - Breeding Season Songbird Banding Studies

Pete Uimonen - Marbled Salamander Ecology

Continental breakfast and lunch will be provided.

Advanced reservations are required and there is a \$10 per person registration fee.

For directions to Quiet Waters Park call (410) 222-1777 or visit their web page
